

ATHARVA HARANE

DATA ANALYST | FRONTEND DEVELOPER

SUMMARY

Enthusiastic and proactive engineering student with a strong academic record (8.17 GPA till Semester 5), along with a solid background in tech, social media, and community engagement. Finalist among 1000+ participants and winner of one national-level and one global hackathon, showcasing creativity and problem-solving skills. Skilled in managing social media campaigns and promoting activities across platforms like DevPost and Unstop. I communicate effectively in Hindi and Marathi, allowing me to connect with a diverse student audience.
